Walk-in centers and locations

As an option for non-emergency care, Anthem has a network of participating centers that can often save you time and money compared to an emergency room. The centers typically treat a variety of non-life-threatening issues including minor lacerations, minor burns, sprains and strains, sports injuries, sore throats, earaches and flu. No appointment or referral needed, simply choose the center closest to you and walk right in. Please note that this list is likely to change. You can find updated walk-in center listings at anthem.com.

Let a nurse help you decide: Not sure if you should go to a walk-in center, emergency room or your doctor's office? Call the **24/7 NurseLine** at **800-607-3262** – any time, day or night. Discuss your symptoms with a registered nurse who will help you decide which type of care makes the most sense.

Call 911 or go to the emergency room if you think delaying care could put your health at serious risk.

"This summary of benefits has been updated to comply with federal and state requirements, including applicable provisions of the recently enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this summary of benefits."

Important Information About Allowance Used To Pay Claims

Network professionals and providers have agreed to accept the maximum allowance as the basis of payment in full. If you use a non-network professional or provider whose services are paid based on a maximum allowance, you will be responsible for all charges billed in excess of the maximum allowance. *The amount you may owe could be substantial.*

KEY TERMS

Individual Deductible: The amount an individual plan participant pays toward the cost of most covered services before benefits begin.

Family Deductible: The amount a family pays toward the cost of most covered services before benefits begin. The family deductible amount is twice the individual deductible amount. All family plan participants combine their deductible payments until they meet the family deductible limit. Any family plan participant who meets the individual deductible before the family deductible is met will begin to receive benefits.

Coinsurance Percent: After you meet your deductible requirements, the Plan shares the cost of most covered services until you meet your coinsurance limit. For example, if the Plan pays 80%, then you pay 20%.

Copayment: A fixed dollar amount that you pay for some covered services.

Maximum Allowance: The highest dollar amount that the Plan pays providers and professionals for a covered service.

Network Professional/Network Provider: A professional or provider who has a written agreement with Anthem Blue Cross and Blue Shield to accept the maximum allowance as payment in full for covered services.

Non-network Professional/Non-network Provider: A professional or provider who does not have a written agreement with Anthem Blue Cross and Blue Shield to accept the maximum allowance as payment in full.

Total Out-of-pocket Limit: This is the annual dollar limit for your costs for most covered services.

THIS IS NOT A CONTRACT. It is an overview of your benefits. If there are discrepancies between this Benefit Overview and the Summary Plan Description (SPD), the SPD will govern.
